

# **SUBSTANCE ABUSE SERVICES - RESIDENTIAL**

## **HRSA Description (10-22-2018)**

Substance Abuse Services (residential) activities are those provided for the treatment of drug or alcohol use disorders in a residential setting to include screening, assessment, diagnosis, and treatment of substance use disorder. Activities provided under the Substance Abuse Services (residential) service category include:

- Pretreatment/recovery readiness programs
- Harm reduction
- Behavioral health counseling associated with substance use disorder
- Medication assisted therapy
- Neuro-psychiatric pharmaceuticals
- Relapse prevention
- Detoxification, if offered in a separate licensed residential setting (including a separately-licensed detoxification facility within the walls of an inpatient medical or psychiatric hospital)

## **HRSA Program Guidance**

Substance Abuse Services (residential) is permitted only when the client has received a written referral from the clinical provider as part of a substance use disorder treatment program funded under the HRSA RWHAP.

Acupuncture therapy may be an allowable cost under this service category only when it is included in a documented plan as part of a substance use disorder treatment program funded under the HRSA RWHAP.

HRSA RWHAP funds may not be used for inpatient detoxification in a hospital setting, unless the detoxification facility has a separate license.
